This 3-page typewritten report is a report on the GDR 1952 industrial investment plan, as follows:

One page, dated 17-19 ~~Jan~~ January 1952, furnishes figures for industrial investments planned for 1952.

The total amount of planned investments is 1,040,200,000 East marks. This total figure is broken down for the individual branches of industry. The total figure does not include planned investments for SAG (Soviet Corporation) enterprises. (All figures are classified Geheime Verschlussache -- Secret/Control -- and are available to ministers and state secretaries only.)

Two pages, dated ~~Dec~~ 1-2 February 1952, provide more details on planned investments for the Magdeburg and Berlin groups of Heavy Industry's Main Administration for Metals and for the Magdeburg group of the Main Administration for Chemicals.
